

Capture a Lifetime of Experiences

Living Legacy

Complementary Service

Living Legacy is a complementary service available in Whitman County through Friends of Hospice.

Friends of Hospice

Dedicated to the quality of life

*Express love, affection, hopes,
and dreams*

Living Legacy is more than a recorded history. One can reflect on one's life experiences and share personal stories and memories. Preserved on a free audio CD, this leaves a touching legacy for family and friends.

Personal historian, Beth Burns

conducts the interviews and coordinates the recording. Beth honors others as they share their personal and unique histories.

Beth conducts interviews in various ways. One can use the time to say what you wish to say about your life. Or, you can share a conversation with your loved one or family. Another way is to respond to direct questions from Beth.

Express love and affection, hopes and dreams, and communicate affection and forgiveness to others. Interviews can last from fifteen minutes to two hours.

To request Living Legacy, please contact: Annie Pillers, Friends of Hospice, director@friendsofhospice.net, or **509-332-4414**.

Kindred Hospice families please contact your hospice team. Or you may call the Hospice Office at **509-332-2236**.
