

## Threshold Choir of the Palouse

Through quiet music, Threshold voices create a peace-filled environment to comfort those at the thresholds of living and dying. Gentle voices provide soothing calm for clients and their families and caregivers.

Music can provide an atmosphere of reassuring calm, can lessen anxiety, and ease breathing. We offer gentle blessings to help with life's transition.

Our services are available to Palouse area residents at no cost.

For more information, please see our website at  
<http://thresholdpalouse.org>

### Contact:

Should you wish to invite Threshold Choir of the Palouse to the bedside, please call:
